each side, almost. The ship was manned by 2,203 enlisted men and 113 officers. The Massachusetts' engines take up the height of at least 4 decks and drove her at a designed speed of 27 knots. The Massachusetts was a self-contained city, a steady gun platform, with a draft of almost 30 feet, firing shells 16 inches in diameter, ten miles or more. When her captain sat in his chair on the bridge 16 inches of thickness of armor surrounded him on this perch high in the superstructure. The few battle scars on the superstructure made so little impression that they have had to be painted so that they are visible to the visitor. The ship steamed over 225,000 miles and has 11 battle stars won in both the European and Pacific Theaters of World War II. It participated in 35 campaigns and lost not a single man.

So, a few miles down the road in Fall River, is a major attraction on a colossal scale. Those who have not roamed a battleship, prepare to be impressed. The Braga Bridge, behind the ship, barred the passage to the cove so that, in order to pass under it the mast had to be cut down and later replaced.

For some summer day, this display at Battleship Cove is a marvelous day-long entertainment. It is the world's largest naval ship exhibit. Besides the Massachusetts, there is the Joseph P. Kennedy, Jr., a destroyer; the Lionfish, a submarine; a P.T. boat, a landing craft and World

War II training fighter plane. Inside each ship is a wealth of displays and models but the real entertainment is the ships themselves. The contrast between the confinement of the sub "Lionfish" and the big ships is tremendous. In the sub, the narrow passageway connected by skinny watertight doors constricts your every pore. You imagin being locked into this steel tunnel deep under the surface of the ocean and it's not a pleasant sensation. No thick armor here. The only protection is torpedoes, stealth and lots of luck. To compare this with the Kennedy, or the Massachusetts, is to compare a tremendous span of dimension - tiny to huge

We recommend "Battleship Cove" to everyone of every age. You will be impressed. You w find the exhibit open every day except Christmas, Thanksgiving and New Year's Day. Tak exit 5 off I-195 in Fall River.

bank vice-president, to the race committee. One painting depicts a seascape with a runner and lighthouse in the background. The second painting shows tall grasses on the coast, with a deer and lighthouse in the background. When he isn't running, Mr. Kelley is painting in his spare time.

Still actively running in competition, Mr. Kelley ran last week in Fairhaven and plans to run next week in Chatham. "Who knows, I might show up here in this cute little town which is a lot like my hometown in Dennis, to run in your holiday race", said Mr. Kelley. In 1980 Kelley was admitted into the Track Hall of Fame, the only active runner to be so honored.

As part of the video highlighting Kelley's career shown in the bank lobby, the narrator told of how Kelley, the oldest of 10 children, hoped to become a baseball player. But at the age of 12 his father took him to his first Boston Marathon, and he was hooked. Fourteen years later he won the Marathon. At the end of the video, the voice of Kelley could be heard singing "Young at Heart", a fitting description of his attitude towards life.

Charles Prefontaine of Seaport Pharmacy, one of the committee members and a sponsor, introduced Mr. Kelley. Committee member Robert Gardner presented Kelley with a Mattapoisett Road Race cap and introduced the sponsors of the race. Other members of the committee attending were Robert Caswell and Joao Rodrigues. Other

Mr. Kelley, who was accompanied by his wife Laura, said she has shared many years of wins and losses with him. "I may eventually have to stop running", he said as he was signing autographs, "but not in the immediate future."

The five-mile race will start at 10 a.m. at Shipyard Park, and will finish at the same place. Proceeds will go for scholarships to graduates from local schools.

Town Meeting: Signatures Verified

MATTAPOISETT SELECTMEN'S MEETING
JUNE 25, 1991

In light business on Tuesday, June 25th, selectmen had no scheduled appointments.

James Bradshaw did appear to ask the progress of the petition for an override special town meeting. The selectmen informed Mr. Bradshaw that the required signatures had been verified. Executive Secretary Carol Adams told the selectmen that Superintendent of Schools Joan Walsh had requested permission to place an article in the Special Town Meeting for a recertified regional school budget. The original budget was one of the rejected override votes in the recent election.

The selectmen expressed the intention to have one special town meeting and await the ORR certified budget figures which were not available immediately.

Selectman Daniel Mahoney informed the board that negotiations for the 3-year contract with the police department for fiscal '91 are in agreement and the final stages of completion.

Mr. Mahoney also informed the board that he and water department officials had met with representatives of the Fairhaven Sewer Commissioners to review problems of revenues.

He said that there had been vigorous discussion concerning a fair sharing of outside revenues deriving from outside use of the sewer treatment facility. The Fairhaven view is that maximum use of the plant should be sought. Mr. Mahoney said that it was Mattapoisett's contention that this facility is equivalent to a partnership between Mattapoisett and Fairhaven and that fundamental fairness in such a case is that majority

stockholders treat minority stockholders fairly. He said that the towns had reached agreement with a change of formula whereby Mattapoisett would pay not on the basis of sewage flow as has been the case, but rather on a revised formula based on sewage capacity both used and reserved for the future. Mr. Mahoney said that this will protect the town's reserve capacity. Fairhaven will share outside revenue received on a similar percentage.

Selectmen Chairman John DeCosta reported that a request had been received from the Town of Marion that the Mattapoisett board consent to the use of the Old Rochester athletic field for a fireworks display hosted by Marion and previously held in Marion over Silvershell Beach. The date set for this is July 6th on a Saturday night with a Sunday rain date. The board of selectmen will support the event subject to the approval of the Old Rochester Regional School Committee.

Selectman Paul Lambalot said that he is planning to meet with the harbormaster to try to work out problems concerning the presence and availability of the harbormaster in reference to concerns as pointed out by Police Chief James Moran.

Selectmen considered a request received from Rick Porter, Backyard Pool Instructor from Camp Massasoit, asking that the board authorize the camp to conduct the Backyard

Pool Program at the town beach. The cost would be $45. for non-members of the YMCA and $32. for members.

The selectmen explored the suggestion but noted that the town beach is closed, that the charging of the fee at the beach for outside instruction is not consistent with town policy and that many unknown legal ramifications might result. It was decided to decline with regret.

The selectmen awarded insurance bids. These bids were received and opened on June 18, 1991 at 3 p.m.

Bids were awarded to: Humphrey, Covill & Coleman, $6,000.00, public official liability; Feitelberg, $16,499.60, police professional liability; Humphrey, Covill & Coleman, $1,373.00, attendants error and omissions; Peter Briggs Insurance, $828.00, sports accident; Humphrey Covill & Coleman, $2.320.00, police accident; Humphrey, Covill & Coleman, $910.17, fire department accident; Humphrey, Covill & Coleman, $48,173.00, workers' compensation; Feitelberg (1,000 ded.), also includes motor vehicle fire department, boiler and machinery, $49,800.00, multi-peril.

Selectmen received a letter from Matthew C. Striggles, chairman of the Plymouth County Commissioners. He pointed out in the proposal to abolish county government there is language stating that the state would assume cost for only 10 fiscal years following such an event. He states, "We ask why the language is necessary if a saving as purported would result. I think we all know the answer, there is no savings, just an additional cost."

Selectmen received the minutes of the meeting of the Mattapoisett Recycling Committee at the landfill on June 20th. The committee discussed problems, concerns, ideas and suggestions. The landfill staff has established a big table to receive all deposits. This will enable the staff there to do the actual sorting into the bins and so eliminate the mistakes which have caused grief and loss of revenue in the past. The landfill staff has requested help on the big traffic days of Saturday and Tuesday.

At the request of the YMCA the board of selectmen issued a Proclamation naming the week of July 14 through July 21, 1991 as YMCA and Camp Massasoit Week, urging that businesses and residents support the Camp Massasoit Program of providing year-round community resource for the benefit of all area children, adults, and senior citizens.

Selectmen thanked Mrs. Manuel Roderick for the donation of a flag to fly on the flagpole at Shipyard Park.

Permission was given to Paula Cobb to utilize the gazebo on a Thursday evening for the ORR Drama Club to perform a skit from Jesus Christ Superstar.

New Craft on the Bay

MATTAPOISETT RAMP
LAUNCHES MAGAZINE ARTICLE

Local people at the Mattapoisett Wharf on Wednesday were attracted to the sight of new trimaran and catamaran-type craft arriving at the surface adjacent to the ramp. These boats converged on Mattapoisett from Denmark via New York, Chicago and other points to be launched from our ramp for a 4-day sail on Buzzards Bay to be photographed and compared under sail by "SAIL" magazine in preparation for an article to come. Each of these craft is a brand new example of the sailing art, each having distinct features.

One, the catamaran, has a new wrinkle in that each hull is a tank. As the boat heels, the helmsman pumps the water ballast to the weatherside to trim the craft and bring her upright for maximum performance. Because of this feature the twin hulls can be mounted so closely that assembly is not needed before sailing but can be launched directly

A special feature in July will be the exhibit of the work of 12 local woodcarvers displaying their talents in carving everything from small ducks to tables and chairs. On the three middle Saturdays of the month (the 13th, 20th and 27th) we will have a woodcarver at the Museum during regular visiting hours demonstrating his/her particular techniques. Some of them may even give you a chance to try your hand at carving.

With two full months to visit surely you can find time to come by and see your Museum. For while it is operated by the Historical Society, it is Mattapoisett's Museum and Carriage House.

Historic Village Walk

On Sunday, July 14th, from 6:00 to 7:00 p.m. Francis Rowland, our Town Historian, will lead an historic walk through portions of the village. The walk will begin at the Museum and Carriage House, 5 Church Street, Mattapoisett.

Reservations are required as the size of the troup is limited for the convenience of being able to hear Mr. Rowland's interesting tales.

Reservations may be made by calling the Museum, 758-2844, mornings the week of July 1st, and afternoons thereafter when the Museum is officially open for the summer.

Recently I visited the landfill to find my tax dollars discarded indiscriminately.

To be specific, I witnessed school personnel throwing school desks, chairs and combinations thereof, all perfectly usable. There were large desks for students, one that a teacher would use, and chairs to go with those desks - so good, in fact, townspeople were picking them up to take home. These pictures will prove what I am saying is true.

With these hard times we have to cope with, I should think that more thought should go into this blatant waste. Also, what bad timing! The School Committee doesn't want any cuts in the budget; they want to override the 2 1/2 and before long we will have to go to the polls to vote on the same issue we already turned down. Why should the people have to leave their families again, drop what

they're doing again, just to say again, stop spending and wasting, our wells are running dry.

These pieces of furniture, if not needed right now, could be stored somewhere and used later after they're worn out.

Why were they thrown out? Were they extras, in the way, or were they worn out or were they a bad color, or were they being replaced with a more modern ultra "state of the art" type of furniture? But whatever the case, they could have been given to another town school (or is the same thing happening there?) or better than that, sold to another less fortunate school system, one that stays within the budget their voters determine.

Here we are these days cutting this and that - federal, state and local - while this type of thing goes on. I'm just glad I was there to see and photograph it to pass on to the voters. Even the ultra rich, rich and middle of the road rich don't want to waste their money. But here we are, folks, doing just that.

Letter to the Editor

As a parent, taxpayer, teacher and private citizen, I am insulted and outraged at School Committee member Steven Valliere's recent letter to your paper.

In his first two paragraphs he strongly suggests that the needs of government and trash collection come before those of education. This in spite of the fact that the largest expenditure of our property tax dollars has already been appropriated to education, but prior to the overrides not a cent for trash collection, truly one of the best bargains a taxpayer receives today. Can he honestly say that he could purchase private collections cheaper than the town? Perhaps he feels we should all use the dump weekly instead... necessitating more people on the dump payroll...polluting the air with all those cars and trucks going back and forth...increased traffic...littering the streets... the inevitable occurrences of rats, raccoons, and other predatory animals...not to mention the elderly, handicapped and infirm who could not use this alternative...Thank heavens the majority of voters continue to see the value of this service.

His third paragraph is devoted to insulting the finance committee and the selectmen because they obviously are doing what they are appointed or elected to do...represent the people of this town as they interpret their wishes.

Next, he administers a mild "wrist slapping' to the great percentage of parents of children in school who have not bothered to vote. Finally, he arrives at the greatest insult of all...accusing "those voters whose children are not using the school system or recreational services" of supporting garbage instead of children. I would like to ask Mr. Valliere how he knows who voted for what?

I work and associate with many young parents and teachers, who although not openly vocal, are opposed to these requests for additional monies. By the same token, I know of many citizens who voted for the school overrides who no longer have children in the system. For Mr. Valliere to pigeon slot all of our citizens as he sees fit is outrageous.

Perhaps the reason the vote failed is the direct responsibility of school committee members and educational personnel who for the past nine years have been crying "This year the wolf is 'really' at the door! The drastic cuts we warned against last year are 'really' going to happen this year." And each year what do the voters read months later...monies have been found in "this account" or "that account", but just "wait til next year".

Perhaps another reason the vote failed is because the community might be waiting to see some cuts in areas that the state no longer mandates spending. Recently Governor Weld, as I understand, removed many of the state mandates that required such positions as Director of Curriculum, Director of Special Needs, Assistant Principals, as well as many other high budget items. Have any of our local committees who have used this excuse for continuing many of these positions and program cut back on any of them? Perhaps a list could be published so that the average person could see what might be eliminated and therefore sparing the most commonly used scapegoat:

the classroom teacher. Perhaps we could also have available a detailed line item budget in layman's language for the citizens' perusal the last few weeks before town meeting. Few are able to routinely attend and most of us would find it extremely difficult to understand the budgets in their current form.

The final insult of the week comes as a group of well-meaning citizens trying to circumvent the will of the people (otherwise known as a free election), by asking that the town spend money it does not have for a special town meeting and possibly another election to re-vote something only two weeks defeated. Hopefully by next year's annual town meeting we will have an article limiting these special interest town meetings (a much more appropriate name for most of them).

At this time I would like to make it clear that this letter is not anti-education or pro-trash. This is about our freedom to exercise our right to vote for or against anything or anyone without having an elected official or a group of well-meaning citizens tell us that they know more than we do and insult us in the process.

We all know the consequences of failing to exercise our right to vote, regardless of the reason. Wouldn't Michael Dukakis loved to have had the option of a special town meeting for another shot at the presidency when he lost! Thank God we don't have that proviso in our federal election laws.

Steam Heat, an exciting vocal group, will perform on Saturday, July 13th, at 7:30 p.m.; then, the Jazz Pops Ensemble, a jazz quartet formed by musicians from the Boston Pops, will play on Sunday, July 14th, at 2:00 p.m. Both concerts will be performed on the Outdoor Concert Green on the museum grounds.

property is in the Waterfront 16 District and is an existing non-conforming structure, a single family dwelling on a non-conforming lot. The proposed alterations are to elevate the existing house with the first floor to be at or above 15 feet so as to conform with flood plain requirements and to relocate the house on a reinforced concrete foundation designed in accordance with state coastal high hazard areas building code.

The applicant proposes to remove existing porches, construct new outer steps and to construct an elevated deck encircling the rear, west side and front of the house. The proposed alterations would not increase the existing floor plan, and the applicant stated at the public hearing that no interior structural changes are contemplated. The board found that the proposed relocation of the dwelling will better situate the dwelling on the lot and the increased setbacks from Angelica Avenue and Oliver Street will benefit the neighborhood. Since the future use of the dwelling is to remain as a summer home, the board found the changes will not be more detrimental than the existing non-conforming structure to the character of the district.

The application of William H. and Janet P. Matthews of 110 Acushnet Road was granted for a special permit to enlarge an existing breezeway to create a "three-season" room. The proposed 14 foot by 12 foot 2 inch addition will increase the footprint of the existing lawfully non-conforming dwelling but will not increase the non-conforming nature of the structure. There will be a cement patio behind the garage which will be located 12.3 feet from the southerly sideline setback. No one appeared in opposition to the application. Eight of the surrounding neighbors signed a petition in favor of the request. The board found the existing septic system adequate.

A third special permit was denied by the board on June 10th. The application of

H. Zalewski, 1 Rotch Street, Fairhaven
996-5414 1-508-996-5273

Georgia S. Glick of Lexington relating to property at 21 Noyes Avenue had requested to build an addition to the existing two-story single family dwelling, a lawfully non-conforming structure having 100.71 frontage on Noyes Avenue and 85 foot frontage on Dyar Road, in the Marine Residence District. The dwelling is 19 feet short of the required street setback of 24 feet, having a six foot setback. The lot's square footage is 2,012 square feet shy of the 10,000 square feet requirement, having 7,988 square feet.

At the public hearing no one appeared in opposition. Luice Moncevitch, a neighbor, appeared in favor. The proposed alterations would reduce the Noyes Avenue setback from six feet to six inches. The board found that with only a six inch street setback such a minimal setback makes it virutally impossible to undertake building repairs and maintenance without blocking portions of Noyes Avenue. Further, the proposed addition is located on a "blind" corner and poses a potential safety hazard, the board found.

Selectmen were notified on June 11th that the Planning Board will review a new presentation to the Board of Appeals for Kiriakos and Michele Rentumis, Vaughan Hill Road, Rochester, owners of Nick's Pizza, 27 County Road (Route 6) at 7:45 June 18th in the town hall. Mr. and Mrs. Rentumis were denied a petition to build an addition 47.6 feet by 28 feet rear and 14 foot front, for

additional seating and enlarged kitchen. The Appeals Board said they could reapply for a new hearing in two years unless a new plan was significantly different. The first plan was denied because the parking area wasn't sufficient for the additional dining room seating. Under the new petition to the Plannign Board, the owners are asking to allow an expansion of the kitchen area of 23.9 feet by 25.5 feet.

If the Planning Board approves the presentation for a smaller addition, the plan will go to the Appeals Board for a new hearing.

Lighthouse Hospice

BENEFIT DANCE A SUCCESS

More than 125 area residents and visiting yachtsmen enjoyed the big band sounds at Marion's Sippican Tennis Club last week as Friends of Lighthouse Hospice held a benefit dance in conjunction with Bermuda race week. Committee chair Jean Briggs of Marion pronounced the evening a financial as well as a social success.

The 9-piece Bo Winiker band from Boston played the familiar arrangements of such greats of the 30s and 40s as Benny Goodman, Tommy and Jimmy Dorsey, Louis Armstrong, Artie Shaw, Larry Clinton, Bunny Berrigan, Glenn Miller and more for the enthusiastic audience of dancers and listeners.

Assisting on the committee were Betty Cooney, Jack Hobbs and Cherrell Hughes of Marion, Katherine Church of Rochester, Elizabeth Field of Mattapoisett, Emilie Rose and Hugh O'Brien of Wareham and Gail Hotz of Lakeville.

Mrs. Briggs announced that the group's next project will be an open golf tournament at Bay Pointe Country Club in August. Proceeds from the Friends of Hospice benefits help Lighthouse Hospice care for the terminally ill in Buzzards Bay, Carver, Lakeville, Marion, Mattapoisett, Middleboro, Onset, Rochester, Sagamore and Wareham.

"Summer Skies" Walk

On Sunday evening, July 7th, from 8:30 to 10 p.m. the Lloyd Center for Environmental Studies is offering its "Summer Skies" guided nature walk. Led by Krystal Tolley, a Lloyd Center instructor, the evening walk will explore summer constellations, such as the Big Dipper, the Summer Triangle, Scorpio, various planets and other celestial wonders.

This fun and educational walk is designed for the whole family as well as the more sophisticated astronomers. Ms. Tolley will lend her expertise to both the individual as well as the group on the whole in order to make the evening special for everyone. Weather cooperating, the "Summer Skies" guided nature walk will unquestionably shed light on the dark time of day.
